PROFESSIONAL SUMMARY

- Full Stack Developer with experience of **2 Years** in developing real time applications and Pro cient in Cross-team development.

TECHNICAL SKILLS

- **Programming Languages**: JavaScript, TypeScript.
- **Libraries and Frameworks**: React.js, Redux, Node.js, Express.js, Prime React, HTML, CSS.
- **Developer Tools**: Azure DevOps, Git, Docker, Kubernetes, Kibana, Visual Studio, Postman.
- **Databases**: Elastic Search, MySQL, MongoDB.

WORK EXPERIENCE

Berkadia | Bengaluru, IN   **Certificate** ↗
Associate Software Engineer   **July 2023 – Present**

- Developed **630D (Cash Management Software)** to empower analysts for validation of **over 1 lakh financial statements records** enabling seamless data transfer with enhanced performance metrics and ensured **flawless transactions**.
- Spearheaded feature for sending **Email Notifications** via **Amazon SES** and integrated email templates from **AWS S3**, currently deployed in **25+ email use cases**.
- Utilized **Microservices** to create **CQRS based workflows** and implemented schema migrations for various indexes using **Elastic Search**, while designing, developing, and maintaining **REST APIs** using **Node.js** and **TypeScript**.
- Developed interactive dashboards using **React.js** to showcase eforms featuring advanced lters, search, and sorting capabilities while utilizing **Redux.js** for e ective state management.
- Implemented CI/CD Pipelines and deployments using **Azure DevOps** and unit test cases using **Jest** to achieve code coverage above **85%**.

INTERNSHIPS

SAMBUQ | Ashburn, US   **Certificate** ↗ | **Video** ↗ | **Live** ↗
Junior Software Developer Intern   **Nov 2022 – Feb 2023**

- Implemented **Flutter Web Plugins** and state management techniques to develop frontend of **health-tech** web application.
- Integrated **REST APIs** and xed application bugs in demo and production environment.

FlexiEle Consulting Services Pvt. Ltd. | Gurugram, IN   **Certificate** ↗ | **Video** ↗ | **APK** ↗
Intern Associate Technology   **Feb 2022 – May 2022**

- Implemented queries and mutations in **GraphQL** to integrate the backend for **Social Media Android App**.
- Built live screens for Feed, News, Reels using **Flutter** and **Stateful Widgets / Providers**.

PROJECTS

AlgoAnalytics Pvt. Ltd. | Pune, IN   **Certificate** ↗ | **Video** ↗ | **Publication** ↗
B.E. Project Intern   **Sep 2022 – April 2023**

- Contributed in building live analytical dashboards for Operator and Admin logins using **Chart.js** for the project titled as **Defect Detection in Manufacturing**.
- Implemented **REST APIs** for user and part operations using **Node.js** and managed reports with **MongoDB** by integrating **YOLOv7** for defect detection.

EDUCATION

Pune Institute of Computer Technology, Pune   **CGPA: 9.40**
B.E. - Information Technology   *2023*

Ashok Vidyalaya and Junior College, Pune   **Percentage: 82.46%**
Higher Secondary School (HSC), Computer Science   *2019*

ACHIEVEMENTS

- Achieved **Runner-Up Award** at the Berkadia iCON Hackathon 2024.
- Secured **Global Rank 2026** among 20k+ participants in Credit Suisse Global Coding Challenge (CSGCC-2021).

INTERESTS

- Chess, Fitness, Harmonium.
